

Will the fire within burn them all to cinders? A Dragon Knights, Book 5 Years ago, Drake left everything behind for a life in the shadows. While it broke his heart to leave his grieving dragon behind, serving his land as head of a network of spies suited him better. Far better than never quite measuring up to Mace, the "perfect" knight his father wished he could have been. Mace has always done his duty. Drake, his childhood friend and rival, had been the charmer who effortlessly stole every woman who caught Mace's eye. Some things never change—not one day back in town, and Drake's already putting the moves on Krysta, the woman Mace has been courting. The three of them take on the dangerous task of rescuing a kidnapped prince. Each day that passes on their perilous journey, Krysta sinks deeper into the complicated relationship between the two men and their meddling, matchmaking dragons. Mace is clearly the safer choice as a mate, yet Drake tantalizes her with that unpredictable gleam in his eye. When the three of them come together, any sense of torn loyalty burns away in their fiery passion. The safety of the stolen prince hanging in the balance, Krysta accepts the challenge to unite two strong men and their dragons into a real family. Warning: Features an intensely magical menage between two former rivals and a woman bold enough to take them on. Heated bickering and explosive love scenes may cause your senses to ignite.
