

Written by Jessica Lehrer, Rick Lightstone and Alice Murray, Traveler's™ Advisory proves that laughter is indeed a universal language, and the tidbits of advice it dispenses will resonate with anyone who has ever missed a bus, received a completely different meal than the one they ordered, attempted to get medical attention without knowing the language of the local physicians, or (whether by design or compromise) brought the kids along on a lengthy trip. Traveler's™ Advisory is for anyone who has or will journey, anywhere, anytime; whether domestically or internationally; staying in 4-star hotels or fleabag hostels; going by plane, train or family clunker. Witty adages and man-on-the-street photography humorously identify the pitfalls and challenges that all travelers face, no matter the destination. A very funny jab in the back-side of travel. A colorful, unsentimental, reality check which proves that what goes wrong is much more fun than what goes right. -- Michael Palin
